

**Universal® received the following message from the
Norwegian Competent Authority on 12 July 2012:**

Latest EU-ETS registry account requirements and guidance from Norway

Please find attached a draft version of the [User Agreement](#) with details of the terms and conditions which must be met in order to open an account in the NO registry, including aircraft operators. We expect to have a final version of the User Agreement made public on our website (<http://www.kvoteregister.no/en/>) when the summer holiday season is finished in the beginning of August.

Even though the core elements most likely will remain intact, there might be some changes in the final version.

Kind regards,

George Nicholas Nelson
Senior Adviser, Climate and Pollution Agency
